A kenning is a metaphorical phrase that replaces a single concrete noun. A breeder uses a figurative language to represent the simplest concept, such as using the phrase "battle-sudore" to refer to blood. The word kenning comes from the ancient verb Norse Kenna, which means "to know, recognize, perceive or hear". Although in general the verb "to ken" is no longer used in modern English, there are some Scottish dialects that still use the word "ken" There are other words still in use that have the same etymological root, as "uncanny". The definition of kenning comes from medieval Icelandic writings on poetic devices, and was adopted in English in the 19th century. Common examples of KenningIn general, kenning are mainly found in the literary works of Norse and ancient English. nature. Identifiers were important in Viking and Anglo-Saxon literature, and generally referred to the same set of relatively limited terms. For example, there are many different types of identification for ships, such as "maiale wave" and "sea ship". The ships were obviously an important element of the life of the Vikings, and so the poets found more elaborate and metaphorical ways to describe them. There are also several examples of the sword's artillery, such as "blood cycles", "war wound" and "juvenated hole". The swords were, of course, important instruments for the warrior groups that created this literature. The artillery is sometimes transparent, while sometimes require some cultural knowledge such as understanding the norrene legend orunderstanding of the Norwegian language. Christian iconography. For example, some kennings might use the name of a Norse god descriptively, such as to Odin as "Lord of the gallows" or "God hung" (so called because hung from the mythical Tree of Knowledge to gain wisdom). Waves were also referred to by the "daughters" of the kerning, who required knowledge of a fairy tale in which the god had nine daughters, each of which represented a different type of wave.Kennings are often examples of metaphors as they create connections between previously unimaginatively related concepts. By abstracting a common noun in culture, kennings generate a more poetic sense to poetry or prose. Kennings also often employ alliteration and rhyme to make them more memorable. Sometimes alliteration and rhyme are lost in modern English translations of kernings, however in modern English kernings we can see the same devices at work (Head-hunter as an example of alliteration and Tramp-stamp as an example of rhyme). for his literary works in many centuries. A notable exception was John Steinbeck in his 1950 novel Burning Bright. Steinbeck created "leak-engine" and "right-friend", but these were met with skepticism and even contempt.Examples of Kenning in LiteratureExample #1Thus the step of the earth spoke, aware of the difficulties, of the ferocious slaughter, of the fall of the relatives.Often I have to, alone, the hour before dawn, my care. Among the living there is no one left to whom I can clearly reveal my inner thoughts.I know it for the truth: it is with a warlike force that binds his spirit, guards his chamber of wealth, thinks what he wants. ("The Wayfarer, anonymous") The Wayfarer is a poem by Ancient English written in the Book of Exeter, a 10th century manuscript. In this short excerpt we can find some excellent examples of breeding, including "Terra-stepper" and "Home-Wealth".An Terra-stepper refers to a traveller or, of course, a traveller (that is, the name of the poem). The "room of wealth" refers to the mind or heart of the traveller, to the places "or rooms" where the true wealth of man resides.Example #2On me I can pronounce a song of truth, tell the journeys "as in the fatigue-day-torment-time I often endured, dwell and still do a little more 'care of the breast, searched in my ship many treatment rooms, horrible waves, where the close night watch often held me back the shaft of the ship when it crashes off the cliffs. My feet were pinched by the cold, bound by frozen chains, where those anxieties aroused the heart; the inner hunger tore the mind of the weary sea. That man does not know who on earth will fall the most beautiful, like me, wretched, cold winter sea along the paths of exile, deprived of both friends and relatives, with crystals of rhymes. "The sailor", anonymous. "There are many examples of breeding in this short excerpt from the anonymous poem English «The sailor». as «The wandering», this poem was part ofExeter Book. The above lines include the beginning of the poem, and in them we can see the following chennings: "truth-song", "days of fatigue", "torment-time", "track-cure", "care-hall", "slim-tracks", and "rime-crystals." (Note that not all of the hyphenated phrases in this poem are examples of kennings, such as "night clock" or "sea-weary." These phrases are not figurative language, but rather explicit descriptors of something). Example #3Thus. The times of war in days gone by and the kings who ruled them had courage and greatness. We've heard of the heroic campaigns of those princes. There was Sheafson Shield, the scourge of many tribes, a wreck of mead banks, which was torn apart among the enemies. This terror of the hall troops had gone far. A founder to begin with, would bloom later on as its waxed powers and its value was demonstrated. Eventually every clan on the peripheral coasts beyond the whale route had to give in to him and start paying homage. He was a good king. (Beowulf, anonymous) Beowulf is the oldest surviving epic poem in Ancient English, and was written sometimes between the 8th and 11th centuries. It is particularly indicated for its use of kennings, many dozens of which can be found in poetry. The lines above are the first two verses of the poem, and already we can see some great examples of kennings. One of the most famous of all kennings is "the whale-street", which can also be found in The Seafarer (which proves that they were not necessarily linguistic inventions only by the author, but rather culturally familiar phrases). The "whale road" refers to the ocean. Prove your knowledge of Kenning1. Which of the following statements is the best definition of kenning? A. Knowing or perceiving something B.
